Repairs to the temples at Sivasamudram D.No. 1498 Jamun 349-40-1

General and Revenue Secretariat — File No. 349 of 1940 — [App F. III-2

Serial No.

1) Passed on, with compliments, to the Secretary to Government, General Department, duly scrutinised for Rs.27,509/- inclusive of 10½% towards Establishment and Tools and Plant charges. Items 8 and 13 have been deleted as per the suggestion contained in para 3 of the Revenue Commissioner's letter.

CHIEF ENGINEER OF MYSORE.

2) The Muzrai Commissioner has requested Sanction to the estimates amounting to Rs 29,055 (not Rs 30,055 as stated by him) which have been scrutinised for Rs 27,509 by the Chief Engineer for repairs and improvements to the Temples at Sivasamudram. It is reported that these works have met the approval of the Second Member of Council. This is for order.

3) As regards the construction of a bund across the Cauvery River near Sivasamudram a revised estimate for Rs 31,000 keeping the height of the bridge at 14 ft has been prepared and sent for approval. The Muzrai Commissioner has stated that the extent to which the Temple would be benefitted from this source has yet to be determined and that sufficient funds are not available at the credit of the Temple for meeting these charges, the question touching the estimate may be left

NOTE—Contn Sheet

(a 2) Repairs to the Temples at Tiruvannamalai

Serial No.

for the present. This point is also subject for orders.

(4) As regards meeting the cost of the estimates for Rs 27.509, it is stated that the Temple has a sum of Rs 19,196-0-0 in cash at its credit (as it stood in 1940) and Rs 30,000 in 4% Loan Bonds and the whole cost is proposed to be met as follows:

(i) Rs 10,000/- out of the cash available from Reserve etc.

(ii) Rs 17,509/ by the Sale of the Loan Bonds.

Rs 27.509. in all.

(4) The interest realisations on Rs 18000 (Eighteen thousand) will be Rs 720 at 4% per annum and by the sale of the Loan Bonds to that extent the Temple will lose about Rs 720 per annum, and it has a Reserve of Rs 2000 provided in the Sanctioned Scale. This Reserve will be reduced by Rs 720 and the other items of expenditure will remain unaffected. Even this deficit is proposed to be made up by the income in kind likely to be realised after the Resettlement of the Temple Inam villages. The proposal of the Mirasdar cannot be acceded to.

(5) The Sanctioned proposal to undertake the work

15 This is a major Muzrai Institution.

Although the cost of repairs is met out of the temple funds, it seems necessary to treat it as a schedule matter and submit it to His Highness for approval. So long as the repairs are carried

Serial No.

are carried out by or under the control of the Govt. Public Works Deptt., the rules that apply to expenditure met out of the General Revenues equally apply in all other cases of Govt. Management, though the expenditure may be met from other funds. Besides, this is an institution in a Jahgir area and the Madras Hindu Religious Endowment Board have some interest in the management of the institution. These facts make it all the more desirable to submit the estimate for His Highness's sanction.

OFFICE OF THE MUZRAI COMMISSIONER
IN MYSORE,

No. C. 1163/40-41

ENCL. Copies of letters, Estimates and fate of records

Bangalore, ... March 12, ... 1941.

349-40-1

FROM

RUKN-UL-MULK
S. ABDUL WAJID, B.A.,
Muzrai Commissioner in Mysore.

To

J. Appaji Gowda, Esq., B.A.(Hons.),
Secretary to the Government of His Highness
the Maharaja of Mysore,
General *Department.*

Through The Chief Engineer of Mysore, Bangalore.

SIR,

Repairs and Improvements to the Temples at Sivasamudram.

I have the honor to forward herewith, copies of letters Nos. Hl.435/39-40 dated 2-1-1941 and Hl.435/40-41 dated 2-3-1941 together with the connected records (to be kindly returned when done with), received from the Deputy Commissioner, Mandya District, on the above subject; and to state as follows.

Thirteen estimates amounting to Rs 86,000 have been prepared by the Executive Engineer, Mandya Division, for the above works, including the construction of a new choultry at the place and construction of a foot-bridge across the river, Cauvery.

The Executive Engineer has reported that all the said estimates were placed before the Second Member of Council, that authority was pleased to order that all the items of works, except Nos.8 and 13, viz., construction of the new choultry and other [illegible] might be undertaken, the other two items being deferred for the present.

Excluding these items, the cost of [illegible] is Rs 80,055 and the Deputy Commissioner has reported that [illegible] may be obtained for the same, the cost [illegible]

Rs 10,055 from out of the funds at the credit of the temple.
" 20,000 by the sale of 4½ % Mysore Government securities held by the temple.

[illegible]

construction of ~~the bridge~~ the foot-bridge across the Cauvery may ~~would~~ be also ordered to be taken up, early, as the construction of this bridge would be of great help to the pedestrians going to the temple.

In this connection, I may state that, on an estimate for Rs 26,400 previously prepared by the P.W.D., for this work, a recommendation had been made to Government, in this office letter No.C.804/39-40 dated 2-12-1939, for meeting one-third of the cost from out of the funds of the temple, but, in pursuance of the General Secretary's letter No.1990/Muz. 170-39-2 dated 20-3-1940 that the estimate might be got modified, keeping the height of the bridge at 12 ft.,at least, instead of 8 ft., as proposed in the estimate, a reference was made to the Superintending Engineer, Mysore Circle, in the matter. A new estimate for Rs 31,000 has been now prepared by the P.W.D., keeping the height of the bridge at 14 ft., and this is the estimate now received from the Deputy Commissioner, and recommended to be taken up along with the other works. If this work also is, accordingly, undertaken for execution and one-third of the estimated amount contributed out of the temple funds, the total sum required for all the items of works, excepting only item No.8, ~~the~~ amounts to (Rs.30,0555 + Rs.10,333-5-4) or Rs.40,388-5-4.

In order to provide funds for meeting this amount, it is necessary that investments to an extent of about Rs 30,000 held by the temple should be sold, with the result that the reserve provided in the scale of the institution would be appreciably reduced.

The Deputy Commissioner who was, therefore, consulted in the matter, has reported that, as there would be reduction in the income in certain other cases also, the total reduction of the income would amount to Rs 2,471, but, that this entire deficit would, however, be made up by the increase in land revenue expected to be realised after the resettlement of the temple's inam villages.

The extent to which the institution would be benefited from this source has yet to be determined and, further, funds are required for another work, viz., electrification of the Sri Someswaraswami and other temples at the place--which is under correspondence, separately, with the Deputy Commissioner--and also for meeting the recurring charges for the power consumption, both in the case of these temples after the electric lights

16

are installed as well as for the Sri Ranganathaswamy Temple in which the lights have already been installed. I suggest, therefore, that the question of sanctioning the estimate for constructing the foot-bridge might be deferred for the present; but, taken up immediately after definite information is available regarding the increase in income on account of the resettlement of the inam villages, and also, after necessary funds are provided for the installation and recurring electric charges.

As regards the other items of works recommended by the Deputy Commissioner, I request that sanction of Government may kindly be obtained to the estimates for Rs 30,055, the cost being met out of the funds of the institution and sale of 4% Mysore Government Securities, as suggested by him.

I have the honor to be,

Sir,

Your most obedient servant,

K-H-Ranga Rao
Assistant Commissioner
For Muzrai Commissioner.
